

Our Mission

- to actively involve each child in the construction of their own learning, giving equal emphasis to all areas of the curriculum.
- to provide learning experiences which reflect upon and enrich our community, environment and the world in which we live.
- to provide opportunity, support and encouragement so that all children can succeed, regardless of race, gender or ability.
- to create an environment that changes and grows to meet the individual needs of its learners.
- to become a community of learners, woven deeply with tradition, respect, and responsibility.

Their future is now.

*An Elementary Learning Community
Where Excellence is the Standard*

**A cedar tree grows
as tall as nature
will allow...**

**...now it's your
child's turn.**

Question:

What makes Tall Cedars Academy different from other private schools?

Answer:

Our number one goal is to create a customized learning environment that meets the needs of each and every child, while challenging them to become independent thinkers and learners, and contributing members of their community.
